

High-Energy Astroparticle Physics at the University of Karlsruhe (TH)

The Centre of Excellence for Particle Physics and Astroparticle Physics (CETA) offers 2 PhD positions (BAT II a/2) in the Pierre Auger Project starting September 1st, 2005. Successful candidates will be member of a *Helmholtz-Young-Investigators-Group*, which is funded by the Helmholtz Association of German Research Centres. The positions are open to PhD students of any nationality.

The selected candidates will work in the context of the activities of the joint Auger groups of the Forschungszentrum Karlsruhe and University of Karlsruhe. The candidates will participate particularly in the investigation of inclined extensive air showers.

Applicants should send (either electronically or via surface mail) a recent CV including a list of publications. He/she should also arrange for at least two letters of recommendation to be sent directly to the address given below.

Applications are accepted until the positions are filled. Full consideration is given to all applications received before July 31, 2005. The starting date will be as early as possible in 2005 after August, 31st.

The Forschungszentrum Karlsruhe and the University of Karlsruhe are equal opportunity/equal access employers.
